Introduction

As may have been noticed, the link to DESTINY on the student portal has been replaced by a link to EVERGREEN. This is the library system that has replaced destiny as of beginning S2 2018.

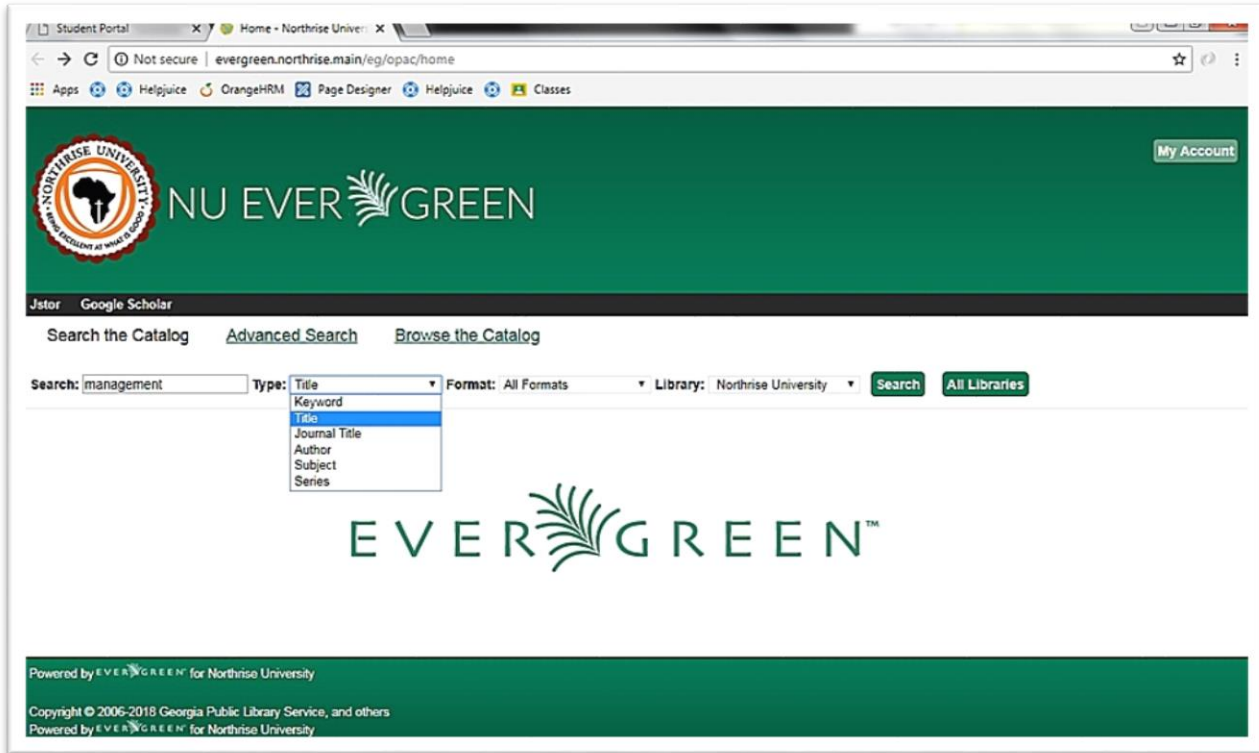

Clicking on the evergreen link leads to the home page as below. Links to jstor and google scholar are provided on the homepage.

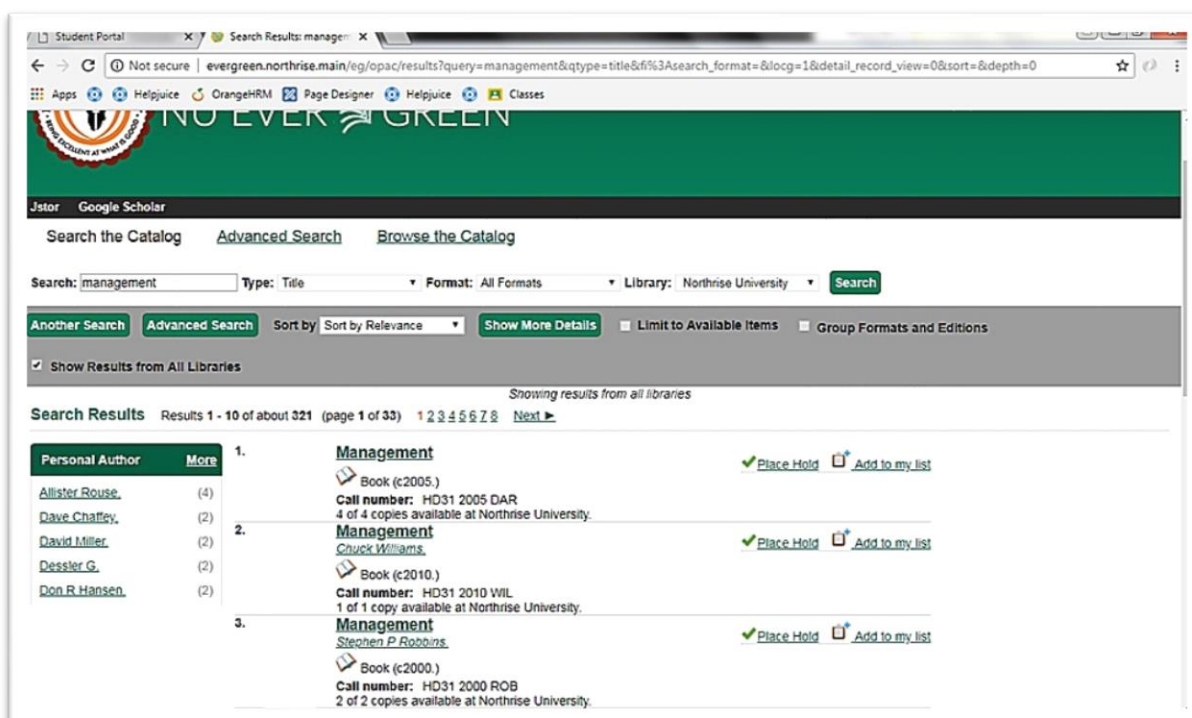

Searching for Items

1. Users are able to search for resources just as in Destiny on this page, based on the search criteria picked using the type and format select lists.

Click search or the enter key to start the search.

2. When the results are displayed as below, click on the result to view an item's details.

- The following page is displayed upon clicking any of the search results. Copy details including availability are displayed.
